### Overview

Clover Ward is a 15 bed, acute service for women specialising in the assessment, treatment and stabilisation of individuals in crisis or suffering from a significant mental health illness.

The aim of the service is to provide a stabilising psychosocial environment working with individuals in periods of crisis and acute phases of their mental illness in the least restrictive way.

The service is supported by a full Multidisciplinary Team (MDT) consisting of Consultant Psychiatrist, Registered Nurses, Healthcare Workers, Psychologist, Social Worker and Occupational Therapists offering a responsive person-centred recovery focused approach. The team work together with service users to develop individualised care plans on admission, with an aim to provide a pathway of care back to the community.

## Admission Criteria
